**Re: Pemberton Rail Crossing – Birch Street, Improvements**

Dear Sirs:

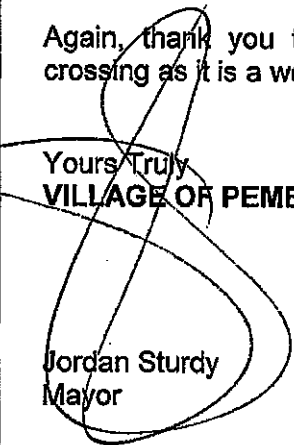

On behalf of the Village of Pemberton I would like to express our gratitude to CN Rail, the Ministry of Transportation and Infrastructure and Mainroad for completing the improvements to the Pemberton rail crossing on Birch Street.

The Village would like to thank the Joint Project Team on the efficiency by which they undertook the work as in the end the impacts and inconvenience of having the main road into and out of town closed was minimal. In particular, the coordinated approach to the project and the inclusion of Village staff during the planning process was very helpful and much appreciated.

The improvement to the crossing has ensured that there is now a very smooth transition over the tracks and has addressed the many safety concerns that have been raised over the past several years. In this regard, the Village has received a lot of positive feedback from the community as a result of the completion of the project.

Again, thank you to all those involved for undertaking the upgrade to this crossing as it is a welcome improvement to this stretch of the road.

Yours Truly  
**VILLAGE OF PEMBERTON**

Jordan Sturdy  
Mayor
