

**your roads – your team,
linking communities and families**

“Mainroad Contracting” was established in 1988 when the Provincial government privatized road and bridge maintenance services within British Columbia. A motivated group of former provincial employees banded together to pool their knowledge, skills, and resources to form what would become one of the most successful road maintenance companies in British Columbia. Today, the Mainroad Group celebrates a diversified portfolio of infrastructure businesses and is recognized as a leader in providing safe and reliable road maintenance, products and construction services for civil infrastructure works and commercial building projects across Canada.

About Mainroad Alberta Operations

In November, 2013, Mainroad established a footprint in Alberta as Mainroad Chinook Contracting. The company is contracted by Chinook Highway Operations Inc. - a partnership between SNC-Lavalin Operations & Maintenance Inc. and Acciona Concessions Canada (2008) Inc. The maintenance contract includes services such as road repair, snow-removal and lighting maintenance for the Southeast Stoney Trail (SEST). The headquarters and main works yard for Mainroad Chinook Contracting are located in the Calgary community.

On August 1st, 2019, Mainroad will be expanding its Alberta footprint to Alberta Contract Maintenance Area 515 and Contract Maintenance Area 516 with working yard locations based in Ponoka, Winfield (Pigeon Lake), Red Deer and Innisfail.

About Mainroad Operations

Mainroad currently holds five highway maintenance contracts with the Ministry of Transportation and Infrastructure in British

Columbia, two highway maintenance contracts with Alberta Transportation and two Public Private Partnerships (P3) contracts in Western Canada. Mainroad maintains major highways, bridges and other structures within their contracted service areas. Road maintenance operations range from snow removal, pothole repairs, and pavement marking, to bridge and tunnel patrol, electrical maintenance and traffic management. See flipside of this page for a complete list of Mainroad's highway maintenance companies.
